TRIGGER SPRAYERS

TS3 DEXTER

Spray system

SHELF IMPACT

The TS3 DEXTER is the natural evolution of the GUALA triggers. The TS3 DEXTER is the end product of extensive technical research focused on maximizing the ergonomical benefit.

GUALA innovation continues in this new all-plastic recyclable design.

SPECIAL FEATURE

Conventional screw configurations
SPIN-FREE configuration.

SHELF IMPACT

Position your product the way you developed it; to be used, remembered and easily recognized!

HIGH QUALITY STANDARD

100% in line automatic Q.C. that checks and confirms every piece that leaves the factory!

CRP CHILD RESISTANT PACKAGING

TS3 DEXTER is certified in compliance with International ISO 8317:2005 and PPP (Poison Prevention Package) according to USA Code of Federal Regulations Title 16, Part 1700. TS3 DEXTER CRP incorporates:
- CRP nozzle has an extended "double action" mode of operation in order to prevent children opening it.
- Ratcheted screw collar paired with the proper ratcheted bottle will ensure a compliant Child Resistant Package (CRP)

PROVEN TECHNOLOGY: OVER 2 BILLION SOLD

The bellow matched with the drip free device provides high performance and compatibility with household bleach, mildew removers, insecticides, pesticides & automotive cleaners.

CUSTOMIZED SCREW COLLARS

GUALA has developed different TS3 DEXTER screw collars sized to fit these bottle neck sizes: 28/400, 28/410, PCO and CRP. The brand new SPIN-FREE collar allows the sprayer to rotate freely without loosening the screw collar. No more backing off in shipment and mandatory required ratchets.

SPRAY AND FOAMING NOZZLE

TS3 DEXTER offers a wide range of nozzles options: a fine spray (1.3ml dose), two different foams, conventional and extra creamy, and a multifunctional spray/stream nozzle. All TS3 DEXTER nozzles are twist-off nozzles and are available in the CRP version.
